Vye Computers mini-v S37

The world's first real mini-notebook Weighing 993g and small enough to fit in a school bag, handbag or briefcase, the mini-v is the world's most practical mini notebook computer designed to offer everything that a notebook can.

*Mini-v is a fraction of
a typical 15.4" laptop's
size...
...but just as powerful !*

The mini-v has the benefit of having an easy to use Qwerty keyboard, with real keys and full notebook functionality. The mini-v combines your conventional notebook, desktop, PDA, MP3 and MP4 Player, whilst being not much bigger than a paperback book.

The mini-v S37 mini-notebook from Vye Computers offers great performance in a stylish all gloss black lightweight design. With its stunning 7-inch touch screen display, this mini-notebook offers you the best on-screen performance, enabling you to operate full Microsoft Office™ applications, watch films or view pictures of your last holiday. All this with the freedom to choose from keyboard, mouse, touch pad, joystick, touch screen and stylus.

Use it with a projector

GPS and GPRS Connectivity

MP4 and MP3 Player

The mini-v S37 comes pre-loaded with Microsoft Vista™ and can act as a Phone, Notebook, MP3 Player and PMP (Portable Movie Player) as it has been fully tested with iTunes™, DivX, Skype™ and comes with CF (Compact Flash) compatibility to support a 3G data/voice card (where country providers supported).

Using Intel® McCaslin technology and configurations that will include Intel® Steely processors, the mini-v S37 is a compact notebook computer that's capable of acting as your office PC.

With an integrated VGA port, 10/100 LAN and USB 2.0 interfaces, you can connect all your desktop peripherals and multimedia devices to the mini-v. With integrated Wireless LAN and built-in Bluetooth® you can also take advantage of wireless networks and hot spots whilst out and about.

The mini-v is a stylish and elegant ultra-portable notebook that can handle all your work and entertainment needs.

Entertainment

Lifestyle on the move

Save Desk Space !

Replace your desktop computer - Plug **mini-v** into a 19" TFT Monitor and watch it become a desktop performer. **mini-v** will even change resolution (to WSVGA) to get the most from your monitor.

At the end of your day, pop **mini-v** into its pocket case and carry it home with you.

| ITEMS | | | S37A - DETAILED SPECIFICATIONS |
