Performance
Feel the Power of Dual Core

EVERUN NOTE is the world's first UMPC notebook equipped with a Dual Core processor. Experience the power and speed of Dual Core on the smallest notebook PC on earth. Together with ATI RS690E graphics solution, not only HD videos up to 1080p but also 3D games!

Portability
The World's Smallest, Genuine Ultra Mobile Notebook PC

Inheriting the ultimate portability of its predecessor, EVERUN NOTE enables you to take it out without worrying about the weight, size and design. With a weight of 742g, size of 200(W) x 118(H) x 27.5(D) and with its sleek design, EVERUN NOTE realized the true ultra portability. Up to 3 hours of battery life in the ultra small form factor was possible by legendary power saving technology of RAON DIGITAL.

Versatility
More Care for Usability

EVERUN NOTE is characterized by differentiated usability as well. EVERUN NOTE offers all the functionality you may request to a notebook PC. Please find an optical mouse, 1.3M pixels camera, SD card slot, touch screen, external HDD functionality, screen rotating for eBook reading, dual monitor support and so on. We are proud of offering a very comfortable keyboard with the biggest key-pitch(16mm)in its class. Also, RAON DIGITAL prepared one mini PCI express slot. Is there anything EVERUN NOTE missing?
